SERVICES
IN WASTE
MANAGEMENT**

About Us

RMF Invest is a Czech family group comprising companies primarily in the waste management sector. We have been active in this field since 2000. Our extensive experience allows us to implement all aspects of waste handling and offer comprehensive services to our customers within a single group.

We work with respect for the environment, not only at the local level. Our facilities comply with the strictest legislative standards, and all employees adhere to a transparent code of conduct. We invest a significant portion of our profits into the development of new technologies and innovations, enabling us to provide the highest quality services to our customers and business partners throughout the Czech Republic. Our partners include industrial enterprises, cities, municipalities, and both large and small companies.
